

Science Materials List - Grade 2

Lesson 1	three red beans
	three pots (must be the same)
	soil
	marker
	ruler
Lesson 2	a hand lens
	a ruler
	a thermometer
Lesson 3	measuring cups
	three same-sized pots
	water, tablespoons
	salt
	sugar
Lesson 4	a stopwatch
Lesson 4	10 jumbo popsicle sticks four rubber bands
	a small bottle cap
	mini marshmallows
	a hot glue gun
	a tape measurer
	masking tape
Lesson 6	a balloon
Lesson o	three large clear cups
	water
	measuring cups
	one-quarter cup of oil
	a marker
	one large rock (must fit inside the large
	cup)
	one small clear cup (must fit inside the
	large cup)
Lesson 7	three different types of cookies
	three different types of crackers
Lesson 8	a large ball (like a basketball)
	an apple (red or green)
	a scale
Lesson 9	three balloons
	water
	a marker
Lesson 10	a permanent marker
	four paper plates
	four droppers
	dish soap
	honey olive oil
	water
	a stopwatch
Lesson 12	three small storage containers with a lid
LG330II IZ	(all three must be the same size)
	a small towel
	cotton balls
	three large ice cubes
Lesson 13	a small pan
	a stove
	a stopwatch
	ice
	butter
	chocolate
Lesson 14	a marker
LC330II IT	a marker
20330H 14	four clear glasses of the same size
203301114	

	ice
1 45	blue food coloring
Lesson 15	a ceramic plate
	a large Mason jar water, ice cubes
Lesson 16	
Lesson 16	one crayon a microwave-safe bowl
	one uncooked egg
	a cooking pan a plate
Lesson 17	four large pieces of paper
LC33011 17	scissors
	matches or a lighter
	a plate
Lesson 18	four small, clear cups
20000	salt
	white vinegar
	gravel
	water
	three large, clear cups
	a marker
	measuring spoons
	blue food coloring
Lesson 20	full carton of liquid
	empty carton of the same type
Lesson 21	two marbles
	flat surface
Lesson 22	flat piece of cardboard
	ruler or measuring tape
	books or other objects to stack
	flat surface
	small ball (such as a marble or bouncy
	ball)
	stopwatch
Lesson 23	masking tape
Lesson 23	plastic cups rubber bands
	popsicle sticks
	glue
	paper
	plastic spoons
	paper towel tubes
	a ruler
	cardboard
Lesson 24	metal pan or flat smooth surface
	rough sandpaper
	carpet
	wooden block
Lesson 25	a scale
	a pencil
Lesson 26	a baseball or tennis ball
	a basketball or dodgeball a chair
Lesson 27	four refrigerator magnets
LUSSUII ZI	masking tape
	paper
	pencil
Lesson 28	a bar magnet
	paper clips
	wooden pencil
	nails
	plastic spoon
	penny
	rubber bouncy ball
Lesson 29	two bar magnets labeled with north and
	south poles
Lesson 31	balloons
	clay

	buttons
	painted rocks
	balls
Lesson 32	colored pieces of paper a globe
Lesson 32	a lamp or flashlight
	a skewer, dowel rod, or straw
	a soft sphere-shaped food such as an
	orange, grape, or tomato
Lesson 33	a flashlight
200001100	a skewer, dowel rod, or straw
	a soft, sphere-shaped food such as an
	orange, grape, or tomato; a marker
Lesson 38	a hard-boiled egg (with the shell kept on)
1 00	
Lesson 39	a hard-boiled egg
	a paper plate
	whipped cream graham crackers
	five colors of modeling clay (green, blue,
	red, orange, and yellow)
	dental floss
	toothpicks
	white labels
Lesson 40	two pieces of chalk
	two cups of vinegar
	small rocks
	a sloped surface
	a cup of water
Lesson 41	one large baking sheet
	sand or soil
	one straw
	toothpicks
	popsicle sticks marbles
	marbles
Losson 42	different-sized rocks
Lesson 42	different-sized rocks an empty liter bottle
Lesson 42	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda
Lesson 42	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap
Lesson 42	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring
Lesson 42	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap
	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar
	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container
	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps
	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper
	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep)
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge
Lesson 44	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) a blender (optional) leaves
Lesson 44 Lesson 47	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) leaves scissors
Lesson 44 Lesson 47	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) leaves scissors clear cups
Lesson 44 Lesson 47	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) leaves scissors clear cups red food coloring
Lesson 44 Lesson 47 Lesson 49	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) a blender (optional) leaves scissors clear cups red food coloring magnifying glass (optional)
Lesson 44 Lesson 47	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) a blender (optional) leaves scissors clear cups red food coloring magnifying glass (optional) one bean seed that has been soaked
Lesson 47 Lesson 49	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) a blender (optional) leaves scissors clear cups red food coloring magnifying glass (optional) one bean seed that has been soaked overnight
Lesson 47 Lesson 49	different-sized rocks an empty liter bottle 1/3 cup (79 mL) of baking soda 1 teaspoon (4.92 mL) dish soap red and yellow food coloring 1 cup (236.59 mL) white vinegar a plastic storage container a drill or sharp scissors soil veggie scraps dry leaves a shredded newspaper old paper a mixing bowl hot water cheesecloth a picture frame glue or tape a rectangular tub or container (four to six inches deep) a towel a thin piece of fabric a dry sponge cornstarch (optional) a blender (optional) leaves scissors clear cups red food coloring magnifying glass (optional) one bean seed that has been soaked

Lesson 51	paper scissors a pencil a paper clip a plastic tub water sunflower seeds a balloon a funnel birdseed a fan a small handful of rice dried beans or popcorn kernels a measuring tape
Lesson 52	three pieces of different fruits five different types of seeds a bowl construction paper five cups glue
Lesson 54	a bag of birdseed a spoon peanut butter or honey a paper tube scissors string
Lesson 56	paper scissors tape
Lesson 57	paper scissors drawing supplies glue a bag
Lesson 59	drawing paper or cardstock a pencil crayons or colored pencils a piece of fruit
Lesson 60	journal pencil paper cardboard egg carton scissors yellow, brown, red or black washable paint paintbrush six chenille stems (pipe cleaners) of the same color one black chenille stem wiggle eyes a black marker glue
Lesson 62	hard-boiled egg paper a pencil a camera (optional) a magnifying glass (optional)
Lesson 63	two clear cups water two tablespoons of salt two pieces of paper pen two same-size pieces of lettuce
Lesson 64	two pieces of white paper or poster paper coloring pencils or crayons glue items from your walk like leaves grass

	feathers
	seeds
Lesson 66	art and craft supplies
	a shoebox
Lesson 68	uncooked pasta
Lesson 69	two straws
	clay or putty
	a rubber band
	a piece of paper
	crayons
	a pencil
Lesson 70	pipe cleaners
	a ruler
	straws (non-flexible, two colors)
Lesson 72	one adult helper
	three paper towel tubes
	scissors
	a paper clip
	rubber bands
	modeling balloons
	tape
