REVIEW

In this LIFEPAC, you will review your study of the geography and history of the United States. In Section 1, you will use maps to review the geographical features of the U.S. In Sections 2 and 3, you will review highlights of the geography and history of each U.S. region. The review will assist you in remembering key facts and information about the U.S.

Objectives

Read these objectives. The objectives tell you what you will be able to do when you have successfully completed this LIFEPAC. Each section will list according to the numbers below what objectives will be met in that section. When you have finished this LIFEPAC, you should be able to:

1. Locate places and features you have studied on a map and name the state(s) where they are located.
2. In a short statement, describe each of the regions you have studied this year.
3. Recall the history and settlement of each U.S. region.
4. Identify the work of some well-known U.S. citizens.

1. GEOGRAPHY

You will begin this LIFEPAC by reviewing the geography of the United States. You will review your study of maps as well. This LIFEPAC focuses on the main geographical features of the U.S. You will also look more closely at some of the land features of the states located east and west of the Mississippi River.

Objectives

Review this objective. When you have completed this section, you should be able to:

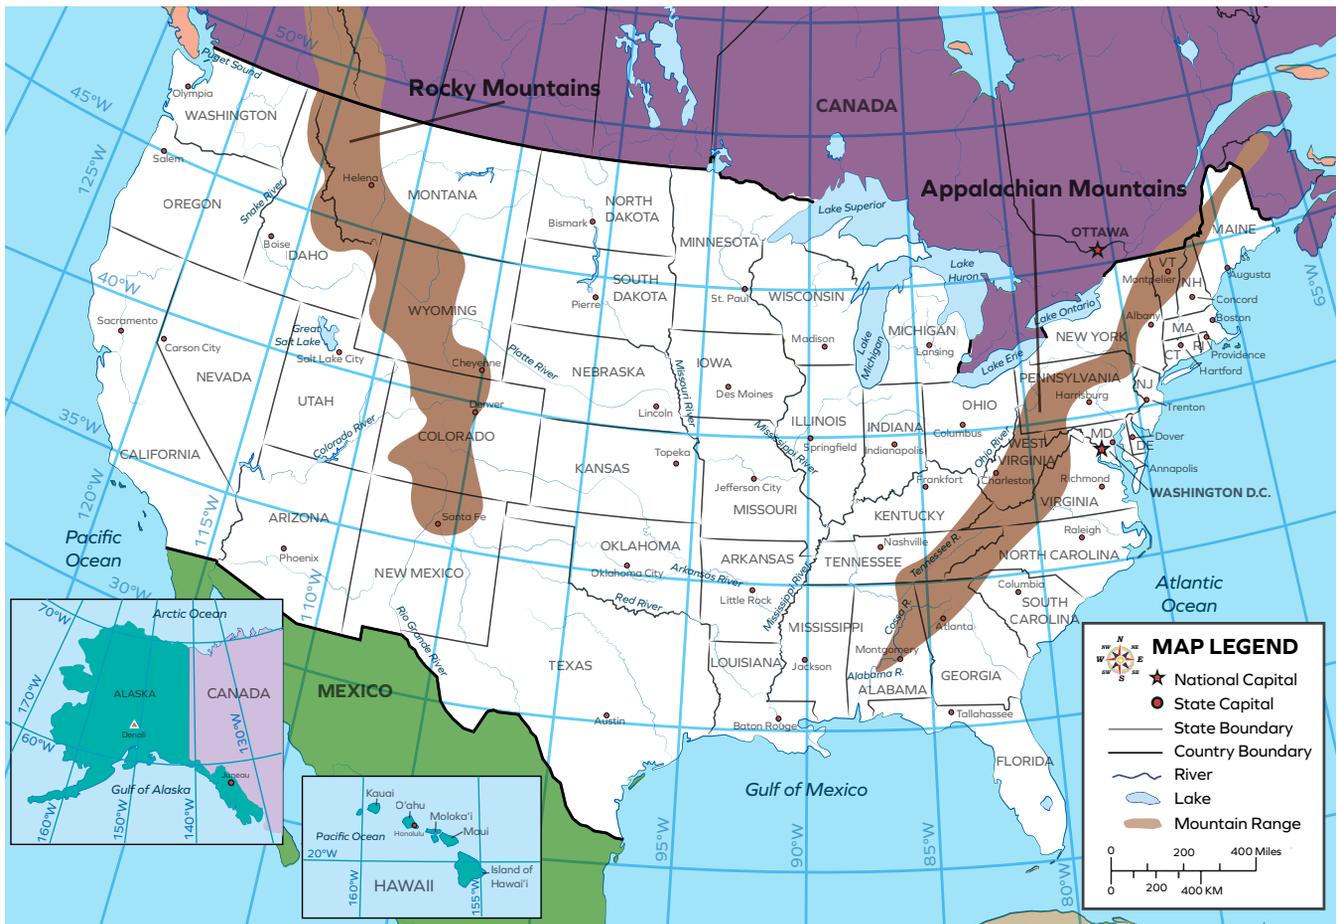

1. Locate places and features you have studied on a map and name the state(s) where they are located.

Vocabulary

The vocabulary words used in this LIFEPAC study of history and geography have been placed in a Glossary section at the back of this unit. Review these words if needed to improve your understanding of this LIFEPAC.

United States Geographical Features

Look at the map below. You will review the information found on the map. Larger maps can be found on some of the following pages.

Answer the following questions about the geography of the United States.

- 1.1** a. What symbol is used to represent a state capital?

- b. What symbol is used to represent the national capital of Washington, D.C.? _____
- 1.2** The line of 30 degrees north latitude runs through which U.S. states?
