

METAL EARTH™

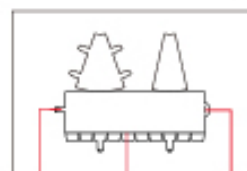

3D LASER CUT MODELS

It is highly recommended that you visit
www.fascinations.com/metalearth360/mms091
 to see the completed model before assembling your own

mms091

Insertion tabs are inserted and then folded
 Fold lines can be seen as shown here
 Insertion holes

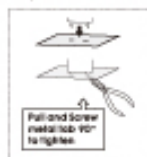

Needle nose pliers are helpful for assembly

To create the best connections

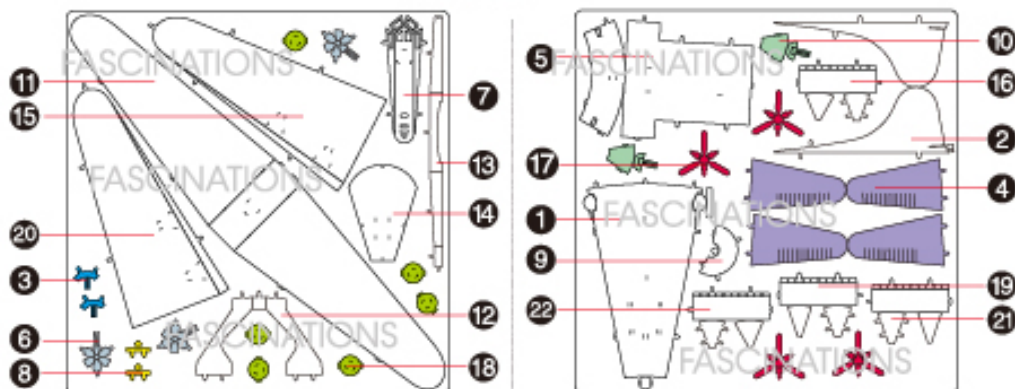

● Insert tab and bend 90 degrees for most visible areas

▲ Insert tab and twist 90 degrees is best in some areas to ensure a tight connection

Pull and screw metal tabs 90° to right angles

Metal sheets

In order to avoid possible injury from sharp edges, please carefully discard the metal sheet after parts have been removed
