2 WAYS TO PLAY

Solo Play: Set up the puzzles according to the game layouts starting on page 3. There are 40 vertical solo puzzles to try and solve. As the number of pieces given to start each puzzle decreases, the difficulty level will increase. To complete all solo puzzles, use all 10 pieces.

Two Player: Challenge a friend to play! Players take turns placing pieces into the vertical puzzle board. The last player not able to fit an entire piece inside the vertical game board loses that round. First player to win five rounds wins the game!

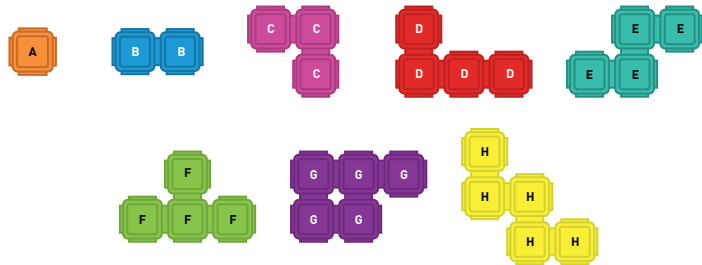

HOW TO PLAY:

1. Challenge a friend, then empty all pieces onto the tray from the vertical game board.
2. Pick a player to go first, then alternate who starts each game after that.
3. Player one picks any piece from the tray and places it anywhere in the vertical game board. Player two then does the same.
4. Players continue to take turns until one of the players can't fit their entire piece inside the vertical game board. If you can't fit your entire piece, you lose that round. The first player to win five rounds wins the game!

2 Spielvarianten

Für einen Spieler: Der Spielaufbau erfolgt gemäß der Spielvorlagen ab Seite 3. Insgesamt warten 40 Aufgaben darauf, vom Einzelspieler geknackt zu werden. 1. Fordere einen Freund zum Wettbewerb auf und gib alle Puzzlesteine in die Bodenplatte am hochkanten Spielbrett.
2. Entscheidet, wer das erste Spiel beginnt und wechselt euch bei den nachfolgenden Runden ab.
3. Der erste Spieler nimmt sich einen Puzzlestein von der Bodenplatte und platziert ihn beliebig am hochkanten Spielbrett. Der zweite Spieler geht ebenso vor.
4. Die Spieler spielen abwechselnd weiter, bis einer keine Puzzlesteine mehr vollständig in das hochkante Spielbrett einsetzen kann. Wer keinen Puzzlestein mehr vollständig einsetzen kann, verliert die Runde. Der erste Spieler, der fünf Runden gewinnt, ist der Sieger!
