| | <input type="checkbox"/> Plastic Spoons | <input type="checkbox"/> Glitter |
| | | <input type="checkbox"/> Hot Glue Gun and Glue |

OWL MOON

Creating Owls From Toilet Paper Rolls

Supplies:

- | | |
|---|--------------------------------------|
| <input type="checkbox"/> toilet paper rolls | <input type="checkbox"/> scissors |
| <input type="checkbox"/> washable acrylic paint (any colors) | <input type="checkbox"/> glue |
| <input type="checkbox"/> paintbrushes | <input type="checkbox"/> googly eyes |
| <input type="checkbox"/> construction paper in orange and any other colors for decoration | |

Teacher Guidelines:

1. To begin, fold half of the toilet paper roll down towards the center of the tube (about 1 inch in size). Fold the other side of the top down exactly the same way. Now, use the paint and paintbrush to cover the toilet paper roll completely with paint. Set aside to dry.
2. When the toilet paper roll is completely dry, cut a 1-inch triangle from orange paper for the owl's beak and glue it about an inch down from the top of folded roll, pointing down. Next, glue on the googly eyes just above the beak.
3. Paint the owl's breast as pictured. Set aside to dry.
4. Lastly, from any color construction paper, cut two 2-inch ovals (with drawn feathers) and glue them to the sides of the paper roll. Let dry completely.

STOPPING BY WOODS ON A SNOWY EVENING

Crayon Resist

Supplies:

- | | |
|--|---|
| <input type="checkbox"/> white heavy-weight cardstock or watercolor paper | <input type="checkbox"/> paintbrush |
| <input type="checkbox"/> white crayon | <input type="checkbox"/> bowl filled with water |
| <input type="checkbox"/> watercolor paint in very light blue and very light green | |

Teacher Guidelines:

1. Using the white crayon, draw a horizon line on the white paper. From the horizon line down, use the crayon to color in the snowy bottom of the forest. From the horizon line up, draw pine trees, bushes, etc.
2. When you have used your white crayon to add the snowy details to the picture, use the blue watercolor paint to paint the area above the horizon line. Rinse your brush, and use the green paint to paint the area below the horizon line. Set aside to dry.
