

Tassel Necklaces

Use the rest of the satin cord and jump rings to make beautiful tassel necklaces. Mix and match the tassels and cord to suit your style. Remember to close your jump rings tightly and add a dot of glue over the gap.

Now you are ready to wear and share your beautiful geode-inspired jewelry.

As with all handcrafted items, avoid getting your jewelry wet and treat them with care so they last a long time.

CREATIVITY counts

Creativity Can develop the skills needed to achieve lifelong success.

Creativity develops children's problem solving and critical thinking skills – it's the catalyst for invention, innovation and ideas that influence the future.

Shrink Fun GEODE JEWELRY

7+

Inspired by Nature, now you can
make your own faux geode and agate-inspired jewelry.
No one will believe you made it from Shrink Fun film!

What are geodes and agates? Formed by volcanoes millions of years ago, these beautiful rock formations are noted for their interesting bands of color and beautiful crystal formations. They are often used to make jewelry and home décor items.

Your kit includes enough materials to make 8 different accessories. For ideas and inspiration, refer to the pictures on the box.

Color, Bake and Shrink

The shrink fun plastic has a smooth side and a rough side. Using the pencils included **color on the rough side only**. Sharpen your pencils as needed. Now you are ready to bake your Shrink Fun geode jewelry in a toaster oven or conventional oven.

WARNING:
FUNCTIONAL SHARP EDGE

ADULT SUPERVISION is
required when baking.

Shrink Fun™ Geode Jewelry #6213000

© Faber-Castell USA, Inc. • Cleveland, Ohio 44125 • www.fabercastell.com
Designed in USA • Colored Pencils made in Taiwan • All other components made in China
Conforms to ASTM D-4236 Non-toxic Safe for Children

Let the Shrinking Begin!

Warning - Safety first. ADULT SUPERVISION is required when baking Shrink Fun™.

Follow the directions below carefully. Let them dance, curl, flip, shrink and flatten. **If you remove them too soon, your Shrink Fun™ geodes won't shrink! Place them back in the oven until the shrinking process is complete.**

1. Preheat oven to 350° F (175° C) Do not use the microwave.
2. Cover your baking tray with non-stick aluminum foil. For best results, do not use an air insulated cookie sheet. Place your Shrink Fun™ geodes on the tray with the colored side facing up. Be sure they are at least 3 inches (8cm) apart from each other.
3. Bake for 1 to 3 minutes. Watch closely, baking times may vary depending on your oven. The Shrink Fun™ geodes will begin to curl, move about and flatten. **Do not remove them until they lay flat!**

After all pieces are laying flat, allow 20 more seconds of baking time. Ask an adult to remove the cookie sheet or tray from the oven and place it on a heat proof surface.
4. Allow the Shrink Fun™ geodes to cool on the tray for 10 minutes. When they are cool enough to touch, use a spatula to lift them off.

Be-Dazzle!

Use your glue and a sprinkle of glitter to add a little sparkle to your Shrink Fun™ geodes. Try placing it around the edges or in the center. Set them aside until they are completely dry, then brush off any extra glitter.

Pro Tip

Lay a piece of paper under your jewelry to catch excess glitter.

Creating Your Jewelry

Use the materials included to make necklaces a bracelet and rings.

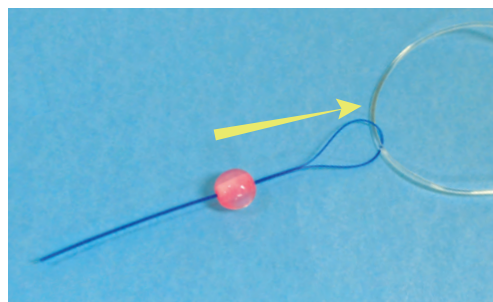

Rings

Select the 2 smallest shrink fun geodes (without the hole). Using the craft glue, attach them to the front of your rings with the shiny side facing up. Lay it geode side down, until it is completely dry.

Beaded Bracelets

You will need a pair of scissors for this step. Decide on a beading pattern. String your beads onto the cord using the bead threader.

Measure the cord against your wrist as you work for a perfect fit. Cut the cord allowing several extra inches. Tie the cord into several tight knots. Use a dot of glue over the knot to make it extra secure. Select a small geode charm and attach it using a jump ring as shown.

Jump Ring Pro Tip

Twist to open the jump ring, twist to close. Add a dot of glue over the jump ring gap for extra security.

Butterfly Necklaces

Use 2 jump rings to attach the butterfly geode to the light pink cord as shown.
