# Paint Your Own Treasure Chest

#21412 4+

## Setting Up Your Area!

- Place newspaper over your work area and wear a smock.
- Clean up any spills right away while paint is still wet.
- Use a cup of water to clean paintbrushes when changing colors.
- Use a paper towel to remove excess water from paintbrush.

## Color Mixing Fun!

Use this mixing guide to make new colors that are not provided.

## Creative Painting Ideas!

**Digital Painting App**  
Use the Works of Ahhh...® App to plan your project then paint! (see back)

**Texturing**  
Paint base color and let dry. Dab different colors with a sponge or crumpled paper to create texture.

### Blending

Use paintbrush to blend 2 colors together while keeping them wet.

### Stipple

Dab tip of paintbrush in paint. Create tiny dots with tip of paintbrush to fill an area or make a shape.

### Splatter

Dab toothbrush into paint. Run finger over bristles to splatter paint onto project.

## 1. Painting Tips

Paint lighter colors first. Let base coat dry before applying darker colors on top. Make sure all paint is dry before applying stickers.

Advanced painters can try some of the creative painting ideas mentioned above!

## 2. Stickers

Choose your favorite sticker and place it onto desired location. Rub sticker to secure in place.

## 3. Stenciling

Choose a fun shape from the stencil and place stencil against desired area. Hold stencil firmly while tracing shape with a pencil. Remove stencil and paint shape.

## 4. Gem Stones

With your own glue from home, apply glue to backside of gem stone and press firmly to desired location.
