### DIVE:

- Taught by Dr. David Shormann.
- Digital download with lifetime access.
- Uses different problems in examples.
- Includes Bible verses & encouragement.
- Compass version available with no Biblical content.
- Available for 5/4 through Calculus.

### DIVE & Saxon Teacher:

- Use a "whiteboard" display on computer screen where problems appear as teacher explains concept.

### Saxon Teacher:

- Taught by an experienced tutor.
- Digital license (one year).
- Follows textbook closely (adding occasional helpful information & strategies).
- Works problems in textbook.
- Provides solutions to every practice problem, problem set, and test.
- Available for 5/4 through Advanced Math and Intermediate 4 and 5, Algebra I and II (4th edition) and Geometry.

### Features of All Tutorials:

- Teaching segments parallel the lessons in textbook.
- Work sample problems.
- Available in a digital format\*.
- Does not take the place of studying the lesson.
- Not interactive instruction.

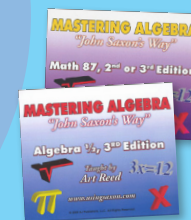

### Nicole the Math Lady:

- Uses different problems in examples.
- Video presentation (students see teacher).
- Available for Saxon 3 through Advanced Math (Homeschool).
- Available for Intermediate 3 through Geometry (Classroom).
- For extra help, class chat is available with premium membership.

### DIVE & Mastering Algebra:

- Taught by Saxon experts.
- Teaches each lesson but not directly from the textbook — adds helpful instruction connecting new concepts to previous.
- Includes Q&A email support.

### Mastering Algebra:

- Taught by Art Reed.
- Video presentation (students see teacher).
- Follows textbook closely & works problems.
- Available in USB or 2-year streaming.
- Available for 7/6 through Advanced Math/Precalculus.
