*For a comprehensive curriculum at grade level, you will need to add these subjects or equivalent. This chart was assembled by our curriculum consultants and is intended to be a comparative tool based on our own understanding of these programs and is not necessarily reflective of publishers' opinions. Some designations are "best fit," not absolute.

Become your own Unit Study PRO with our updated Video!

Deanne, Rainbow consultant, walks you thru the steps to building your own unique unit studies, the benefits & drawbacks, and even gives you a helpful FREE handout template to help you build your components. [Click here](#) to watch the video on YouTube!
